

SENIORS: Before you enroll each year, check your local network

William Newton Hospital is not in network with most Medicare Advantage (Part C) plans. The hospital will take Medicare Advantage.* However, you may have higher out-of-pocket expenses. All WNH facilities, providers, and clinics accept Original Medicare, so it often works well for our patients. But if you're considering other options, here's what to look for:

- In-network coverage: Ensure your provider, hospital, and clinics are in-network. Check for out-ofpocket costs.
- Plan type: Understand if you're getting a supplement (Part D) or replacement (Part C) plan.
- Hidden costs: Consider out-ofpocket costs for extra benefits like dental, vision, and hearing.
- **Travel costs:** Check if you'll need to travel to see in-network providers.
